Head Teacher Report

Welcome to the JYHS Yearbook for session of 1998 - 1999. Whether you are at the start of your career, in first year or about to leave and begin the next phase of your life, I'm sure that you will enjoy particularly looking through all the photographs and working out who that person was that you've been wondering about all this time. It will be an excellent memento of the school as it has been this session.

Congratulations are due to Andrew Brown (S5), who has masterminded this production, and who has spent countless hours organizing and taking photographs of a very large number of people, and then marketing and producing the end result. Well done Andrew!

What will we remember, then, of the JYHS in 1999? It's a school which is gradually expanding. We have around 850 pupils in this session and expect to see the roll rise to around 890 in August. We have around 65 members of staff in addition, ranging from Support Assistants and Office Staff to Janitors and Technicians.

You will probably remember some of the opportunities you have had beyond normal classes to pursue some of your interests; many of these will have been made possible by some of your favourite teachers. You'll remember your trip to Alton Towers, taking part in Windband competitions, singing in the choir, going on the ski trip, playing for the football team, winning a chess competition. You'll remember acting as a Library monitor, a Sixth Year buddy, a paired reader. You'll remember the Wednesday Youth Night, a trip to the theatre, a Duke of Edinburgh expedition the fantastic sports facilities. You'll remember a particular teacher, probably because you really liked him or her, or maybe because you didn't!

Most of all you will remember your fellow pupils, many of them your friends, who make the school what it is. Enjoy Andrew's Yearbook and keep it as memento of session 1998 - 1999.

A handwritten signature in cursive script, reading 'C. Horne'.

C Horne
Head Teacher

S1/S2 Year Teacher Reports

This year's S1 settled in fairly quickly to life at The James Young High School with the help of their Tutors and their S6 Buddies.

At the beginning of the session each Tutor Group enjoyed a day's Outdoor Education at Lowport. Apart from having the chance to participate in either mountain biking or kayaking, this was an excellent opportunity for the new S1 pupils to get to know their Tutors and other members of their Tutor Group. A great time was had by all!

There appears to be a large number of talented pupils in S1. This was brought to light in the S1/S2 talent contest where 1st, 2nd and 3rd equal places went to S1 pupils.

A team of S1 pupils have also brought success and credit to the school by winning the West Lothian final, and thereby gaining a place in the Grand Final, of the S1 Lothian and Borders Police Quiz.

I am proud of the way this year's S1 are shaping up and look forward to them bringing more credit to themselves and to the school in the years ahead.

A handwritten signature in cursive script, reading 'N Jannetta'.

N Jannetta
S1 Year Teacher

S2 have recently completed their subject choice for S3 + S4 Standard Grade classes. All pupils were given an interview to assist them with their choices and only a small number were unable to take the courses they had chosen.

Apart from the academic side, S2 have also been busy and successful in other areas. Some of our pupils won a poster competition to raise awareness for World Aids Day.

S2 were strongly represented at the talent show earlier this year and indeed were placed in the top five.

Some S2 also joined in the WWF walk and helped to raise over £500 from the JYHS.

Many other activities take place both in and out of school, where S2 help promote JYHS.

Next year will be another exciting and challenging time and I wish all S2 good luck with their new timetables.

Mrs Hobbs
S2 Year Teacher

A handwritten signature in cursive script, reading 'Mrs Hobbs'.

YEAR BOOK 98/99

S3/S4 Year Teacher Reports

Pupils start their standard grades course at the beginning of S3. They will have been working hard this year in preparation for their examinations in May 2000.

All S3 pupils spend a day at West Lothian College or Oatridge College on work simulation where they can experience a number of different courses. Students choose areas that they are particularly interested in.

These include courses in farming, electronic engineering, hairdressing, carpentry, photography, film producing, car mechanic, chef, electronic office work and mechanical engineering. This is always a very successful day and gives pupils a very positive experience.

K Jackson

K Jackson
S3 Year Teacher

S4 pupils have had a busy year.

Obviously this is the final year of Standard Grade work and pressure has been on to complete tasks and investigations on time.

As ever all pupils have had lots of support to get work done and hopefully have made the most of deadline dates and study timetables.

Study - a word often used this year!

All S4 pupils were advised this year to do homework regularly and to organize a planned program for study.

The benefits for those who took this advice should be improved grades in a final exam.

One of the main activities this year was Work Experience. 139 pupils took part in a one week placement and had the opportunity to find out what the "life of work" was all about.

Congratulations to all the pupils who brought back glowing reports.

Overall, session 1998-99 has been a good one.

I have enjoyed the ups and downs over the year and look forward to the challenges of next session.

My good wishes for the future to those pupils who will not be returning next year.

Good luck to everyone.

M Kendall

Mrs Kendall
S4 Year Teacher

S5/S6 Year Teacher Reports

The S5/S6 group this year are an excellent group of young people.

S5 can be really hard work.

Most pupils who elect to stay on for a Fifth year are surprised to find out how much harder Higher Courses are than Standard Grades.

Before doing a Higher Grade Course, a pupil should have achieved at least a credit (2) pass in the corresponding Standard Grade.

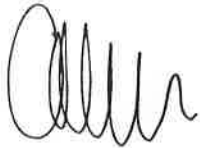

Fifth year students are allowed to use some of their periods for private study so there is a bit more flexibility in S5.

S6 students have some extra responsibilities.

They are given the use of a common room where they can meet during free periods and breaks.

Sixth Year students are also encouraged to help S1 pupils with learning difficulties.

The aim is to provide an insight into what life at College or University is all about.

A handwritten signature in black ink, which appears to be 'Owen'.

Mr Owen
S5/S6 Year Teacher.
